

Dear 21st Century Cyber Charter School Community,

We hope that this summer has brought you and your family an opportunity to relax and have a bit of fun. With the understanding of our current climate, however, we acknowledge that fun and relaxation may not be possible for all. Our goal as a school is to diminish the worries or anxieties many have been preparing to face this upcoming school year. With the pandemic's uncertain end, schools have been confronted with the reality of reevaluating curriculum distribution and educational engagement.

As one of the top cyber schools in PA, we are confident in our current platform providing students a necessary and consistent educational experience. We are approaching the fall semester with an understanding that our community's lives may be unpredictable. That is why our aim is to provide a predictable and effective learning environment for all of our current and incoming students.

Given the restrictions placed upon social interaction due to the COVID-19 pandemic, we will experience some changes together as a school community. Until further notice, there will be no in-person school events or school sponsored functions. Any necessary correspondence in office will require an appointment through the school and an adherence to safety guidelines. Safety is of the utmost importance to us as a school and it is our responsibility to ensure a healthy environment for all. Attached please find the 21CCCS Health and Safety Plan developed by our team of administration and support staff.

We are hoping for an end to this global issue soon and wish nothing but the best to all of our students, parents, guardians, and staff. We will work through this and together make the 2020-2021 school year a great one! Should you have any questions, please reach out to Brian Cote.

Sincerely,

A handwritten signature in black ink that reads 'Brian L. Cote'.

Brian L. Cote
Director of Curriculum, Instruction, & Assessment
